

The tender is seeking bids for energy generation and storage projects with up to 600MW/2,400MWh of dispatchable capacity. Projects must be located in South Australia or Victoria; have a minimum storage duration of two ...

Energy-Storage.news" publisher Solar Media will host the inaugural Energy Storage Summit Central Eastern Europe in September this year. This event will bring together the region's leading investors, policymakers, developers, utilities, energy buyers and service providers all in one place, as the region readies itself for storage to take off.

Bidding closed yesterday (16 July) in SECI's tender for 1,200MW of solar PV and 600MW/1,200MWh battery energy storage systems (BESS) to be deployed at locations across India and connected to the ...

The state-owned utility in Gujarat is seeking 25-year PPAs for up to 500MW of renewables-plus-storage projects. Image: Engie. State-owned utility Gujarat Urja Vikas Nigam Limited (GUVNL) has ...

PV Tech has been running PV ModuleTech Conferences since 2017. PV ModuleTech USA, on 17-18 June 2025, will be our fourth PV ModuleTech conference dedicated to the U.S. utility scale solar sector.

The launch of this first tender aimed to co-locate energy storage with other renewable sources, mainly solar PV, and aimed to fund at least 600MW of projects with a fund of EUR150 million (US\$162 million) in capital expenditure for the projects.. Grants will cover 40-65% of the project cost depending on the size of the company applying, while nearly EUR160 million ...

The energy park will be developed as four standalone projects. Three of the batteries will have 2-hours of energy storage (250MW/500MWh), and one will be 4-hours (250MW/1,000MWh). ZEN Energy's 170MW/653MWh Solar River BESS and 230MW solar PV hybrid project, located north of Adelaide between Burra and Morgan, was also successful in ...

Consultancy Clean Horizon contacted Energy-Storage.news to offer its take and breakdown of the results. Head analyst Corentin Baschet said the weighted average price was EUR29,500 (US\$35,814) / MW / year across the three tranches of awards and most of the awarded projects are expected to be batteries.

In concurrent news, Giga Storage hopes to start construction on its 300MW/1,200MWh Leopard BESS project in the Netherlands this year, CCO Lars Rupert told Energy-Storage.news whilst at the EES Europe trade show and conference last week.. Leopard is also planned for a location in the north of the country, at a former aluminium smelting site of ...

Earlier this month, JSW Neo Energy secured a 700MW contract in a tender from the state-owned Solar Energy Corporation of India (SECI). This capacity was awarded at INR2.56 per kWh (US\$0.03).

The tender is seeking bids for energy generation and storage projects with up to 600MW/2,400MWh of dispatchable capacity. Projects must be located in South Australia or Victoria; have a minimum storage duration of two hours and a minimum capacity of 30MW; and must either store electricity purchased from the National Electricity Market (NEM), or ...

The prices for successful bids ranged between EUR0.0678/kWh (US\$0.073/kWh) and EUR0.0917/kWh and the average volume-weighted price was EUR0.0833/kWh, which the Bundesnetzagentur said was "well below" the maximum tendered price.

Baltic Storage Platform, a joint venture (JV), has broken ground on two new 200MW/400MWh battery energy storage systems (BESS) in Estonia. The JV between Estonian energy company Evecon, French solar PV developer Corsica Sole, and asset manager Mirova will develop the 2-hour duration systems, with plans for the first to be commissioned in 2025 ...

The energy minister of Italy has signed a decree paving the way for an energy storage capacity auction to kick off in the first half of 2025. ... Italy to hold first MACSE energy storage capacity auctions in H1 2025. By Cameron ... The energy ministries of Bulgaria and Romania have both revealed the results of EU-backed tenders for renewables ...

Battery energy storage system (BESS) resources must come online by the beginning of April 2026 and will be required to provide their capacity until the end of March 2031. ... in the first half of 2025. Germany's latest Innovation Tender for hybrid renewables picks 587MW of solar-plus-storage ... The German Federal Network Agency ...
