This is a simple mounting bracket for installing 440W peak panels on a flat surface. The bracket is designed to mount panels that are 3 cm (1.18 inches) thick. It has a 15 mm (0.6 inches) diameter hole for using appropriate M6/M8 screws for a secure installation. I used these brackets to mount my Hanersun solar panel on my wood storage.

Updated Version of my Solar Light Bracket. I was never happy on how long and how much material it took to make my other design. This one you can double it up in your favorite slicer and even at 100% infill you are looking at about 20 minutes for 2 and like .10\$ a pop... SOOOOO MUCH BETTER & more efficient haha just needed to come up with the better ...
