

Can I take the trunk storage panel

To quickly transfer loot from the Transfer Trunk to the Locker, pick up the Transfer Trunk in your hands and walk over to the Locker. While looking at it, press the "E" key to open the Locker inventory. Then press the "T" key to transfer all your materials in one go. Anything else can be manually moved over with the mouse.

Take these precautions to prevent any damage to your trunk seal: Avoid slamming the trunk lid excessively as it can put unnecessary strain on the seal. Don't use sharp objects to pry open the trunk, as it can cause tears or punctures in the seal. Be mindful of any heavy or sharp objects placed in the trunk that could potentially damage the seal.

Wilderness Custom Trunk panel Storage. Jump to Latest 5K views 13 replies 10 participants last post by Alex_W Sep 22, 2023. BlackStarScorpius Discussion starter. 24 posts · Joined 2023 Add to quote; ...

Here's a pic - from behind the charging port. You can see the charging port (where the orange wires are coming from), and if you look below that, there are two vents. The one on the right hand side is the one that is ...

The panels can be removed without tools but, if you tug or pull too hard on one of the panels or in the wrong spot you could break the panel's mounting tab for the clips that hold it. If that happens you cannot repair the mounting tab which means the panel won't be held in place very well any more and you'll end up with rattles galore.

C8 General Discussion - Coupe Trunk Storage - Are any of you able to put anything in the trunk area when the roof panel is stowed back there? Could a small duffel bag be placed behind the stowed panel? ... a SOFT "space conforming" duffel bag - something that you could mold into specific shape to conform to the areas in the trunk with the roof ...
