

# Can ice be used as a locker

How do I keep my belongings safe on the ice?

Keep all your belongings safe while you're on the ice by storing them in one of our lockers. Lockers are located within Skate Hire at a charge of 50p (by purchasing a token from one of the machines). Larger lockers are also available at a charge of £1 - look out for the £1 stickers on the front of the lockers.

Are plastic lockers a good choice?

40. Wetsuits - Plastic lockers will not rust, rot or corrode so are ideal for external storage. They can also be used in wet changing areas, are able to be washed down with a pressure washer and are suitable for storing damp items; such as towels and wetsuits.

How do you store dry ice?

Don't store dry ice in unventilated rooms, cellars, autos, or boat holds, as the sublimated carbon dioxide gas can replace oxygenated air and cause suffocation. Transportation: Use an ice chest or other well-insulated container to transport dry ice. Plan to pick up the dry ice as close to the time it will be used as possible.

Where can I buy ice equipment?

Ice equipment, lockers, gloves, socks and hats can all be purchased at skate hire. Our fun ice equipment characters are available for children who require assistance with their first steps onto the ice. Penguins, mini zamboni's, snowmen, reindeer, ice scooters, bananas and seals are available to hire for the entire session.

Do ice bricks work with other insulated transporters?

They are designed to work with other insulated transporters (e.g., DCB, MCB) to maintain specific temperatures between -32°C and +37°C. Ice Bricks are reconditioned using active hardware (MELFI, Glacier, Polar, MERLIN).

What safety precautions should you take when working with dry ice?

Here are some key safety precautions to keep in mind when working with dry ice: Safe Handling: Never let dry ice touch your bare skin! Always handle with protective gloves, oven mitts, or a towel. The extreme cold of dry ice can cause frostbite and damage to your skin. Storage: Store dry ice in an insulated container with proper ventilation.
