The brand's current storage offering, the Q.HOME CORE, is a complete home energy storage solution that includes an inverter, a modular battery design, and an energy management hub. The Q.HOME CORE landed in sixth place on our best solar batteries list of 2024 and can make a great addition to homeowners looking for backup power.

Yes, SolaX offers a retrofit battery storage solution that can extend the battery storage in an existing string

With our state-of-the-art products, including the HSI 5500 solar energy storage inverter and the BAT H48200 energy storage power supply, we offer a comprehensive home energy storage system that is both reliable and efficient. Our power supply is designed to deliver high-quality pure sine wave AC power, ensuring a consistent and stable output ...

The inverter guarantees durability and compatibility, even in low-temperature environments, with IP65 protection and support for high-power solar panels. Effortlessly store surplus energy and relish in intelligent load management. Enjoy seamless solar+storage integration with smart EV chargers.
