This specialized form of drafting pushes Mr. Wadja's projects to the next level, shaping them tangibly with thick hand-drawn lines from the beginning. When creating renderings on a drawing board, large 18" x 24" vellum paper is ...

The cost of wind energy has plummeted over the past decade. In the U.S., it is cost-competitive with natural gas and solar power. Wind energy and solar energy complement each other, because wind is often strongest after the sun has heated the ground for a time. Warm air rises from the most heated areas, leaving a void where other air can rush ...
