

# How to activate the photovoltaic panel warranty card

How do I Activate my solar panel warranty?

It's important to register your system to activate the warranty and keep your original paperwork, like purchase receipts and warranties. This documentation is required when opening a warranty claim. Most solar panel warranties differentiate between: Workmanship warranty: Covers flaws and defects for 5-10 years.

What is a solar panel warranty?

Step 1: Understand Your Solar Panel Warranty Solar panel manufacturers provide warranties that protect against defects and early underperformance. Warranties usually cover: - Product defects - Protects against flawed components or manufacturing issues - Power output - Guarantees a certain level of performance and efficiency.

How do I file a warranty claim on a solar panel?

After determining whether your solar panel issue qualifies under warranty, you can officially open your manufacturer's claim. Follow your warranty guide's directions exactly, and provide any necessary documentation like proof of purchase, warranty forms, damage images, and output records. The process usually includes:

When should I start a solar panel warranty claim?

Common reasons to start a solar panel warranty claim include: - Broken panels or connections - Major visible flaws like cracks or dents - Output measured 20%+ below guarantee - Equipment failure before warranty expires Each manufacturer defines specific metrics and procedures to follow when starting a claim, so review those details closely.

What happens if a warranty is RMA invoked by SolarEdge?

The repaired Product or replacement parts or Product, as applicable, shall continue to be covered under the Limited Warranty for the remainder of the then-current Warranty Period for the Product. Where the RMA Procedure is invoked by SolarEdge, SolarEdge will instruct buyer how to package and ship the Product or part(s) to the designated location.

Does the SolarEdge warranty apply to the input connector?

In addition, for all power optimizers with a part number ending in C, the SolarEdge warranty does not apply to the input connector. The Limited Warranty only applies to the buyer who has purchased the Products from an authorized seller of SolarEdge for use in accordance with their intended purpose.
