

MUSCAT, February 8, 2024 - OQ Group and Kuwait Petroleum International have inaugurated the OQ8 (Duqm) Refinery, located in Oman's Duqm Industrial Zone, sources told The Energy Year on Tuesday. The USD 9-billion refinery is running at its full capacity of 230,000 bpd. The refinery, located 600 kilometres south of Muscat, houses a hydrocracking unit and a petroleum ...

Muscat - CB& I, a wholly-owned subsidiary of the US-based McDermott, has been awarded a "significant" contract by Marsa LNG - a joint venture between TotalEnergies and OQ - for the engineering, procurement, and construction (EPC) of a full containment concrete LNG storage tank located in the Port of Sohar. CB& I is the world's leading designer and ...

MUSCAT: A key study led by Omani scientists underscores the potential for the Sultanate of Oman to capitalise on the abundance of high-quality silica sand for cost-competitive thermal energy storage - a prerequisite for the large-scale production of green hydrogen and green ammonia in the country.

MUSCAT: The Omani government signed on Wednesday a landmark Project Development Agreement with the HYPOR Duqm consortium for the implementation of a multi-billion dollar green hydrogen project at the Special Economic Zone (SEZ) in Duqm. One of six so-called "legacy projects" that were initiated before the launch of the country's hydrogen ...

Muscat - To mitigate CO2 emissions resulting from major industrial projects and boost its decarbonisation efforts, Oman is focusing on the development of the carbon capture, utilisation and storage (CCUS) field in the country. CCUS is a rapidly growing global technology for capturing large volumes of CO2, aimed at reducing greenhouse gas emissions, especially ...

ship.energy provides news, comment, and expert analysis centred on shipping's energy transition. ... Le Havre e-methanol production project to support maritime sector. ... The technical storage or access is strictly necessary for the legitimate purpose of enabling the use of a specific service explicitly requested by the subscriber or user ...

- Commissioned in six months, the Sembcorp Energy Storage System (ESS) is Southeast Asia's largest ESS and is the fastest in the world of its size to be deployed ... Annex A - Details of the Sembcorp ESS project. 1) Envision's energy management system and SCADA platform to improve efficiency of daily operations. The Sembcorp ESS uses the ...

Muscat - OQ, Oman's global integrated energy group, on Tuesday announced that it has successfully received the first shipment of crude oil at Ras Markaz Crude Oil Storage and Export Terminal, which is being carried out by its subsidiary Oman Tank Terminal Company (OTTCO). This comes as part of the efforts exerted by

Muscat ship energy storage project

OQ to take advantage of Oman's ...

1. Introduction. Carbon dioxide (CO₂) emissions are increasing due to the increasing demand for fossil fuels (Hino and Lejeune Citation 2012) plying clean and low-carbon technologies such as renewable energy, energy storage, nuclear power, Carbon Capture and Storage (CCS), energy efficiency, and new transport technologies will reduce Greenhouse ...

Muscat - Hydrom, the sultanate's green hydrogen orchestrator, announced signing two new green hydrogen projects in Dhofar worth RO4.2bn (US\$11bn) on Monday. The signings follow the successful completion of Hydrom's second round of auctions taking the total hydrogen production in Oman to 1.38mn tonnes per annum (mtpa) by 2030.

HFI was delighted to attend vibrant OPES 2024 in Muscat this week represented by Hugh Fraser and Sally Reeves. It was a great opportunity to catch up with clients and connections old and new. The EIC DataStream project database is now tracking 77 energy projects in Oman with a market value of US\$113 billion for the period to 2030:-

Muscat - Worley - a global provider of professional project and asset services in the energy, chemicals, and resources sectors - has been contracted by Green Energy Oman (GEO), an international consortium, to support its proposed 25GW green fuels mega project in Oman. According to a press statement issued by the company, Worley is providing concept ...

DNV-GL recently found that more fully-electric or hybrid-electric vessels were under in operation or under construction than there are LNG vessels, while projects like the installation of a 600kWh ...

The MSPP will remove the need for Orpic to ship and truck refined products. Apart from improving efficiency and lowering costs, the pipeline will reduce the number of fuel-tank truck journeys in and around Muscat. Heavy fuel-tank truck traffic in Muscat is expected to drop by 70%, which will contribute to cleaner air in and around the capital.

According to local media reports, the ship departed Abu Dhabi and is heading to Muscat for its first visit to the Sultanate of Oman. The visit of the Suiso Frontier to Oman is being described as a milestone in developing commercially viable supply chains for ...

Sunpal solar energy storage battery contain the 12V GEL battery, 2V Lead Acid Battery, and Front Terminal VRLA Batteries. Read More. Click hear to View All Products. How It Works. 1. We Design & Ship. We collaborate with you to design and deliver a system that meets your utility usage and needs -- selecting equipment from 50+ manufacturers so ...
