

Photovoltaic panels for hoist

What is a solar lift?

The Solarlift, also called a panel lift or PV panel lift, is an economical solution for the speedy and safe transport of photovoltaic and solar panels. Specially designed with a custom carrier that functions as a cargo receptacle, GEDA's solar panel lift is a time-saving space-saving way to reach inaccessible loading areas.

What is a solarlift & how does it work?

Solarlift is a reliable device on every construction site to transport and assemble solar panels and photovoltaic systems securely. The Solarlift also comes with an extra post that supports the ladder segments for heavy loads. The German-engineered device convinces with an amazing set-up time of only 18 minutes.

What is included in a solar panel installation package?

It includes the Solar-Dec Platform or SolarLine Access System for roof-level access, the Solar Bridging Ladder, and the CoverSafe Spark for loft work. This all-in-one package ensures your team can work safely at every stage of solar panel installation.

What is a Geda solar panel lift?

Specially designed with a custom carrier that functions as a cargo receptacle, GEDA's solar panel lift is a time-saving space-saving way to reach inaccessible loading areas. At Mace Industries, we don't just sell you the machines and wave you goodbye.

Who installs a solar PV system for Alliance Homes?

Prolectric Services Ltd secured a £1.2m contract to install solar PV systems for Alliance Homes. With 18 years of experience, they expanded into renewables this year. Using Easi-Dec's Solar Platform, they've overcome installation challenges, allowing for fast, flexible setups.

What is a solar line access system?

The SolarLine Access System consists of a Solar-Dec platform integrated with a hoist and connected by an Easi-Dec Catwalk to an Easi-Dec standard platform. Ideal for repairs, inspection and maintenance, The Solar Bridging Ladder makes it easier to safely reach the solar panels once on the roof. Its three-part design is lightweight and easy to use.

Alum-a-Lift is pleased to provide engineered material handling solutions to the solar, power, and energy industries. The standard chassis offers proven lifting power and allows for heavier and dynamic side loads.

The Solarlift, also called a panel lift or PV panel lift, is an economical solution for the speedy and safe transport of photovoltaic and solar panels. Specially designed with a custom carrier that functions as a cargo receptacle, GEDA's ...

Photovoltaic panels for hoist
