

San diego energy storage container

Will San Diego pause applications for future battery energy storage projects?

Wednesday's motion also proposed issuing a pause on any new applications for future battery projects until standards are adopted. The San Diego County Board of Supervisors has directed staff to establish standards for approving future battery energy storage projects in the unincorporated areas of the county. (Rob Nikolewski/San Diego Union-Tribune)

What are energy storage projects?

Energy storage projects support grid reliability and the integration of more clean energy into the electric grid. Enables the California Independent System Operator (CAISO) to dispatch energy from our batteries at any time to help balance supply and demand on the statewide grid.
